DIARY NOTES

25X1A

DD/S [REDACTED]

3 November 1961

1. [REDACTED] was up to present his study on our ordnance stocks. I think that he has done a good job on this and have sent copies of his study to General Cabell and Dick Bissell for their perusal. I asked Bill to send a copy to [REDACTED] and talk to him about it; specifically, I asked him to move ahead as rapidly as possible. 25X1A9a

2. [REDACTED] advised me that he had discussed with Bob Macy the request for a release from the Reserve in the amount of approximately \$8 million for Build- [REDACTED] Bob Macy indicated that he would not grant the release until our Fiscal Year 1963 budget level had been settled. I told Bob that we nevertheless should make our request in writing since we were going ahead and obligating the funds.

4. [REDACTED] was up to show me a paper addressed to the Director concerning funds during Fiscal Year 1963 for Project [REDACTED] This paper, originated by Jim Angleton and concurred in by Dick Bissell, proposed that we add \$5 million to our Fiscal Year 1963 request for this Project and that this amount be placed in the Director's Special Projects Fund. I told Steve and General Cabell that if security dictated I would agree that this was a good place to put the money; however, this amount makes our over-all situation for Fiscal Year 1963 that much tougher and, as I see it, will have to be taken from whatever funds are finally appropriated to the Clandestine Services.

5. I had several conversations with Jim Garrison about getting the Marines to [REDACTED] It is my understanding that they have now agreed to move prior to 15 November in order to make way for demolition work which will start about that time. H

6. I talked to [REDACTED] paper on the employment of Negroes and asked him for his comments so that I would be in a position to discuss it at a Deputies' Meeting sometime soon. I also reminded Harry about Mr. Kirkpatrick's outstanding paper having to do with the promotion of JOT's. I asked him to take this matter up with the Career Development Board at an early date prior to having it considered formally by the Career Council.

7. Jim Cunningham telephoned to request that we release [REDACTED] to replace [REDACTED] in DPD; I declined to approve of this request. I told him that while I thought either [REDACTED] would be very well qualified for this job I would be willing to consider bringing [REDACTED] home from [REDACTED] if he 25X1A6a wanted me to do that. In this connection, I spoke to [REDACTED] about the possibility of his going out to replace Don, and he was perfectly willing to go there or anywhere else.

8. Bob Amory called to complain about the receptionist at the northeast entrance to the new building. I relayed this to [REDACTED] and asked him to look 25X1A9a into it and take appropriate corrective action. (On Monday, 6 November, Bob called again to complain about the same receptionist and I again asked [REDACTED] to get after this without delay.) Bob also said that he had noticed large numbers of employees at the new building leaving the parking lot at 4:45 P.M. which means that they probably secured at about 4:30 P.M. A part of this probably is due to the fact that the bus leaves at 5:10 P.M. We have asked [REDACTED] to change this situation and I have agreed to take up the question of early departures at my own Staff Meeting. (On Monday, I discussed with Bob the possibility of having his people come in at 8:10 A.M. in lieu of 8:30 A.M. He thought that this was a good idea and said that unless I heard from him within forty-eight hours I could assume that this was agreeable and go ahead and put out the necessary notices.)

9. Colonel Grogan telephoned to say that a Mr. Renehan had contacted his office to inquire about what answer he should give to the D. C. Transit System, Inc., regarding the number of people employed at the new CIA headquarters building. Apparently, the company was engaged in a monorail study and wanted this information. I called [REDACTED] and told him to look into this situation and explain to Mr. Renehan that we were prohibited by law to give out such information.

11. I talked with Bob Amory about the possibility of bringing [REDACTED] home early from [REDACTED] so that he could be employed in the Office of the Comptroller. He was perfectly agreeable to this and said that John could be released at any time but asked that I write a note to [REDACTED] explaining to him what I had in mind and why I had requested that John's tour be cut short; I agreed to do this.
